Engineered Stone

ZENESIS™

MITER

Miter cuts on granite and engineered stone pose particular challenges and require a specialized blade to get the desired results. The ZENESIS™ MITER blade provides sharp, smooth and chip free miter cuts.

- Strong core to minimize flexing
- 10mm segment to maximize life and minimize segment loss
- Engineered bond for chip free cuts to leave an invisible seam
- Wet use only

Part No.	Diameter	Segment	Arbor size
ZMI20V10T1412T	14"	10mm	50/60mm
ZMI20V10T1612T	16"	10mm	50/60mm
