

high **performance** at competitive **pricing**

ZENESIS™ **III**

PATTERNED DIAMOND SAW BLADE

The **ZENESIS™ III** continues to revolutionize the stone fabricating industry offering high performance at a value price point. Leveraging its storied success with prior patterned blade generations, the **ZENESIS™ III** now offers **increased cutting speeds, longer blade life, reduced chipping, and an even lower noise level** – all at a competitive price. **ZENESIS™** offers stone fabricators an affordable blade producing the quietest and cleanest cuts in the industry. **ZENESIS™ III** is now the appropriate choice for both high and low HP saws.
