

# ZENESIS™ BLACK

## targeted concentration, optimized efficiency

Introducing the **ZENESIS™ BLACK 3** – the world's most advanced bridge saw blade. This latest ZENESIS™ patterned technology is the most revolutionary yet.

**ZENESIS™** optimizes the distribution and concentration of diamonds on the segments to deliver raw cutting power where it is needed most – the leading edge.

The result: the new **ZENESIS™ BLACK 3** now cuts faster and lasts longer than any previous generation. Through uncompromising design innovation, **ZENESIS™** once again brings the industry the fastest and longest-lasting blade on the market.

**ZENESIS™**: THE MOST ADVANCED DIAMOND TOOLS. PERIOD.
