

ZENESIS™

ZENESIS™ COPPER POLISHING PADS

ZENESIS™ Copper Polishing Pads are a hybrid bond made by combining metal and resin with high concentration of diamonds. Significantly faster than standard resin polishing pads.

Last 4 to 10 times longer than standard polishing pads. Leave less scratch pattern than standard pads

Part No.	Diameter	Grit/Description
ZEPPM040030A	4"	30, Blue backing
ZEPPM040050A	4"	50, Tan backing
ZEPPM040100A	4"	100, Yellow backing
ZEPPM040200A	4"	200, Orange backing
ZEPPM040400A	4"	400, Red backing
