

# ZENESIS™

## ZENESIS™ POLISHING PADS

ZENESIS™ Polishing Pads give the highest quality shine and longest life of any pad on the market. It was 19% better than the #1 pad on the market when compared using a gloss meter. Highest quality diamonds, specially formulated resin and a unique segment pattern combine to make this the go-to pad for the most discriminating fabricators.

- ZENESIS™ Polishing Pads now feature flexibility!
- Removes dull spots, etches, and uneven surfaces quickly
- Shorter polishing times on the most difficult stone surfaces
- Better shine (higher gloss reading)
- Polishes Granite and Engineered Stone
